Statement of RoHS 1 and the recast Directive 2011/65/EU is commonly referred to as RoHS 2 Compliance

Everspin Technologies, Inc. MRAM products comply with RoHS1 Directive 2002/95/EC. Specifically, the products contain less than 0.1% by mass (1000 PPM) in homogeneous material for: Lead (Pb), Mercury, Hexavalent Chromium, Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE) and quantity limit of 0.01% by mass (100 PPM) of homogeneous material for Cadmium.

Everspin MRAM products are also “halogen-free”. Everspin defines a product as halogen-free when the sum total of Chlorine and Bromine content in an organic homogeneous material is less than 900 parts per million (ppm).

The RoHS and halogen-free compliance applies to all products offered by Everspin Technologies, Inc.

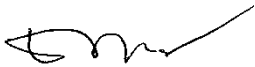

Per the RoHS2 recast Directive 2011/65/EU Everspin Technologies, Inc. produces components and does not manufacture finished EEE (Electrical Electronic Equipment) products pertaining to initiatives of this Directive. This Directive does not apply to Everspin products.
